ALDERMAN BLAIR DESIRES REFORM

He Declares the City Has a Pernicious System of Paying Its Employees.

Alderman A. Blaine Blair made another vigorous speech on the subject of salary increases last night, and he did not mince words when discussing the subject before the Charter, Ordinances and Reform Committee.

The question comes upon a motion made by Mr. Cannon to lay aside all the applications for salary increases now before the body, pending the result of Mr. Blair's effort to secure the appointment of a special joint committee to equalize all the salaries and wages of the city.

Mr. Blair advocated the motion of Mr. Cannon in strong language in replying to Mr. Dabney, who thought it meant double work for the members.

"It is a pernicious system; it is a school of anarchy and a school of dishonesty. It is the highest question in our city government. If other councils have been afraid of ward heisters, there is no reason why we should be. I believe the body is of a different stripe. There is no justice in having a clerk in one department who has some \$1,000 on his side getting \$1.20 per year, and another one getting \$200 for the identical work."

Mr. Minor supported Mr. Cannon's motion, and it was opposed by Mr. Glenn and Mr. Dabney. These gentlemen favored the Blair proposition, but they thought inasmuch as the Charter, Ordinances and Reform Committee would have to pass on the salary raises finally, they might as well be taken up now, without waiting for the passage of the Blair resolution.

Mr. Cannon's motion was lost, and a flood of petitions for increases of salaries and wages were taken up and considered.

MR. COPELAND URGES THOUGHT CULTURE

Delivers Helpful Address to the High School Pupils—Plea for Nobler Living.

Mr. W. S. Copeland delivered an excellent address to the pupils of the High School yesterday morning, in which he emphasized the necessity for rest and quiet for at least a few minutes daily.

In which to communicate with that self, alas, too often a stranger to each of us. Since conduct and even character are but the crystallization of thought, let us be careful of what we think and how we think.

The girl who has time, the speaker continued, for thought, culture grows into the woman of repose—that repose which differentiates her from the nervous "fidgety" woman, whose thoughts and words are always in confusion.

The kind of culture, said the speaker, which is best and highest, because it deals with the very essence of human life, is heart culture. In this kind of culture is developed true and high sentiment, which gives to human life its real flavor and makes it true living, which is the true harmony and to art its genuine grandeur.

Continuing, Mr. Copeland pleaded for a high plane of life—a life above selfishness and greed, beyond meat and drink—"Upon the eternal heights of purity—there and there alone is liberty."

Mr. Copeland is deeply interested in the subject of public education in general, and in the erection of a suitable high school building in particular. His fine address was greatly enjoyed by the pupils.

Catholic Visitation.

Bishop Van de Vyver, accompanied by Rev. Father Charles J. Hanigan, of St. Joseph's Church, leaves this morning for Columbia, Va., where they will confirm a class of twenty.

Mr. Bass's Estate.

In the Chancery Court yesterday, L. Shelby Bass qualified as administrator of the estate of the late W. Uphur Bass. The estate is valued at \$2,000.

Luck Was Luckless.

Rachel Taylor (colored) was put under security yesterday by Justice John as a suspicious character. Abner Lucas, a Hanover farmer, alleges that he went into Rachel's room, where he was relieved of \$2.

POSTUM'S TRICK

How it Worked Wonders in One Family. "While I was a Tea and Coffee user about eighteen months ago, I happened to pick up a piece of old newspaper and saw a letter some one had written about the gain in health by quitting tea and coffee and using Postum, and as I was suffering with indigestion and biliousness I decided perhaps Postum would fit my case, so I had Wife get a package next day and make some.

"I had been in the habit of taking cold lunches with a bottle of cold tea, but had become so bad I could not digest them, in fact I felt miserable after every meal. Well, I quit both tea and coffee and after commencing to use the Postum I began to feel better at once and have not had a bilious spell since, and no more indigestion. I would be more than glad to find something that would make me prosper financially as that piece of old newspaper did physically.

"I know it was the cold tea that was causing the trouble, and the Postum cured it."

"I want to tell you something about my wife's condition."

"She had been a long-time coffee drinker and her feet were swollen so badly that she could not have a shoe on one of her feet at all, and sometimes not either of them, and suffered terribly with constipation. She was treated for kidney trouble, but the treatment did her no good at all, and she became perfectly discouraged. In a short while after we began to use Postum and quit tea and coffee she began to get better and now she is as good, healthy, and fine looking wife as you will find, and I will leave those who read this letter to judge for themselves what did it. I want to say right here we both are prospering financially because my wife's health to improve, and we never fail to tell them that it was using Postum in place of tea and coffee."

"We used to give our boy tea and coffee and he came out with a skin disease and his head was almost a mass of scales. We took away both tea and coffee and gave him what we drank. Postum and shortly the trouble left entirely, and all my children, like my wife and myself, are healthy and strong, and the best friends of Postum you ever saw."

"We look in each place for the famous little book, 'The Road to Wellville.'"

"Treasure Phillips' calls attention to the fact that State taxes must be paid before December 1st, in order that the 5 per cent. penalty may be saved. Last year a special act of Legislature extended the time one month. That was for only one year, however. The treasurer's office is kept

open every day to accommodate the taxpayers."

No Sales Thanksgiving.

The good prices in tobacco are holding their own. At Shockoe Warehouse yesterday, 80,000 pounds were sold. At yesterday's sale \$500 more was realized than at the sale last Friday. Prices on the large break went up to \$15.50.

The low grades of tobacco are selling unusually high, while the high grades are not as high in proportion.

There will be no sales next Thursday on account of the Thanksgiving holiday.
